Traffic Calming Measures

Issue 2

At our September meeting, a large number of residents turned up to discuss the need for traffic calming measures along the main road and to present a petition which has about five hundred signatures. Obviously traffic calming measures are the responsibility of Rhondda Cynon Taf County Borough Council and to make them aware of the strength of feeling about this issue we organized a Public Meeting with an officer of RCTCBC on 12th October. This was very well attended and devices to monitor the speed and volume of traffic are to be placed in three places throughout the village.

A further meeting will be held when the data is collected to assess the results and to decide how best to move forward with this.

Remember if you have anything to report—speeding—a near miss—ring RCTCBC 01443 425001 or email customer.services@RCTCBC.gov.uk

Tylagarw Ward Member**

If you have a problem or would just like a chat you can contact me on 01443 225400 or call into

Contracts:

Parties interested in submitting quotations for various work should submit their details to the Clerk.

Dog Fouling

Dog Fouling seems to be a problem at the moment—most residents complaining about the lack of dog waste bins in the village. Please note we have requested more from Rhondda Cynon Taf County Borough Council. Unfortunately none have been forthcoming. If you wish to contact them directly about this matter please write to: The Service Director for Streetcare, Rhondda Cynon Taf County Borough Council, Ty Glantaf, Unit B23, Treforest Industrial Estate, Pontypridd, CF37 5TT.

Tel: 01443 425001

Alleyways in Llanharry

A number of residents have recently complained about the condition of the surfacing in the alleyways throughout Llanharry. This, it seems it being made worse, by problems with lighting. We are aware of the problems and have reported this matter to RCTCBC on your behalf. We hope that this will be sorted out shortly before the onset of the winter!
