- the maintenance and renewal of the fence is the responsibility of the Council;
- we must ensure that stock are not able to enter the playing field as they could pose a danger to playing field users as well as causing damage to themselves, for which the Council may be considered liable;
- Damage has been caused to the existing fence due to people using it as a short cut to adjoining fields. With this in mind the replacement fence would have to be extremely robust and would involve cutting back of the scrub to enable the fencing to take place;
- Consideration should be given to palisade fencing.

6. CONSIDERATION OF THE SIZE, LOCATION AND FENCING OF THE DOG PARK

Resolved: that, due to item 5 above, this item should be put on hold at the moment as funds will have to be transferred from the dog park to replacing the boundary fencing.

Councillor Evans and Councillor Parsons joined the meeting.
